

**Arizona Report of Public Agency Performance on  
Participation and Performance of Children with Disabilities on Statewide Assessments**

**Note: This report has three sections: 3A. AYP; 3B. Participation; and 3C. Proficiency**

**Indicator 3A: Adequate Yearly Progress (AYP) Rate**

Percent of public education agencies (PEAs) that have a disability subgroup that meets the State's minimum "n" size meeting the State's AYP objectives for progress for the disability subgroup.

**Measurement**

Percent = the number of PEAs meeting the State's AYP objectives for progress for the disability subgroup (children with IEPs) divided by the total number of PEAs that have a disability subgroup that meets the State's minimum "n" size times 100.

**Explanation of Indicator**

The Elementary and Secondary Education Act (ESEA) requires that public education agencies (PEAs) meet performance objectives for their population as a whole and for all identified subgroups. Students with disabilities who have an IEP are one of the identified subgroups. There are a number of factors that are considered for AYP.

For more information about AYP, visit the Arizona Department of Education's Web site at <http://www.ade.az.gov/azlearns/aypdeterminations.asp>.

The data are from school year 2008-2009. The subject areas assessed for AYP were mathematics and reading. The minimum "n" size in Arizona is 40 students. There were 75 PEAs that met the minimum "n" size.

**State Targets:** 24.5% of PEAs meet overall AYP for students with disabilities

**State Results:** 5.3% of PEAs met overall AYP for students with disabilities

**Arizona Report of Public Agency Performance on  
Participation and Performance of Children with Disabilities on Statewide Assessments**

**Note: This report has three sections: 3A. AYP; 3B. Participation; and 3C. Proficiency**

**Indicator 3B: Participation Rate**

Participation rate for students with disabilities (SWD) against grade level standards and alternate achievement standards.

**Measurement**

Participation rate = number of SWD in the assessed grades who were assessed with the regular assessment with no accommodations or with standard accommodations plus the number of SWD in the assessed grades who were assessed with alternate achievement standards divided by the number of SWD in the assessed grades.

**Explanation of Indicator**

The State regular assessment is the AIMS and the State assessment against alternate achievement standards is the AIMS A.

The data in this report include the percent of students with disabilities who took the AIMS or AIMS A in the spring of 2009 with no accommodations or using standard accommodations. The participation rate is based on all students with disabilities, including those enrolled for a full academic year and those not enrolled for a full academic year.

The data are from school year 2008-2009. A public education agency (PEA) listed with an asterisk (\*) means it had fewer than 10 students with IEPs enrolled in the grades assessed. In these instances, the data are not reported to ensure confidentiality.

**State Targets:**

Math – 95% participation  
Reading – 95% participation

**State Results:**

Math – 97.5% participation  
Reading – 97.6% participation

## Arizona Report of Public Agency Performance on Participation and Performance of Children with Disabilities on Statewide Assessments

**Note: This report has three sections: 3A. AYP; 3B. Participation; and 3C. Proficiency**

### Indicator 3C: Proficiency Rate

Proficiency rate for students with disabilities (SWD) against grade level standards and alternate achievement standards.

#### Measurement

Proficiency rate = number of SWD enrolled for a full academic year in the assessed grades who are proficient or above as measured by the regular assessment with no accommodations or with standard accommodations plus the number of SWD in the assessed grades who are proficient or above as measured against alternate achievement standards divided by the number of SWD enrolled for a full academic year in the assessed grades.

#### Explanation of Indicator

The State regular assessment is the AIMS and the State assessment against alternate achievement standards is the AIMS A. The data in this report include the percent of students with disabilities who took the AIMS or AIMS A in the spring of 2009 who met or exceeded the standards with no accommodations or using standard accommodations.

The data are from school year 2008-2009. A public education agency (PEA) listed with an asterisk (\*) means it had fewer than 10 students with IEPs enrolled in the grades assessed. In these instances, the data are not reported to ensure confidentiality.

#### State Targets:

Math – 45% Meets or Exceeds

Reading – 50% Meets or Exceeds

#### State Results:

Math – 35.2% Met or Exceeded

Reading – 34.6% Met or Exceeded
